PCI Express Driver for Macintosh

This driver is for the P2 card on this unit.

The latest driver information can be viewed at the following website.

http://pro-av.panasonic.net/

Installation of the PCI Express driver

For Mac OS X 10.4

1 Insert the installation CD.

2 Double-click the **Macintosh** folder on the CD.

3 Double-click the **Tiger** folder.

4 Double-click the **AJ-PCD35** folder.

5 Double-click "**PCD35Driver.dmg**" in the **AJ-PCD35** folder.

6 Double-click "**PCD35Driver.pkg**".

7 When driver installation starts, follow the instructions on the installation screen.

For Mac OS X 10.5/10.6/10.7/10.8

1 Insert the installation CD.

2 Double-click the **Macintosh** folder on the CD.

3 For Mac OS X 10.5
Double-click the **Leopard** folder.

For Mac OS X 10.6
Double-click the **SnowLeopard** folder.

For Mac OS X 10.7
Double-click the **Lion** folder.

For Mac OS X 10.8
Double-click the **Mountain Lion** folder.

4 Double-click the **P2 Drive** folder.

5 Double-click "**P2DriveFamilyDriver Install.dmg**" in the **P2 Drive** folder.

6 Double-click "**P2DriveFamilyDriver Install.pkg**".
When the warning window advising that ["P2DriveFamilyDriver Install.pkg" can't be opened because it is from an unidentified developer.] has appeared, click the [OK] button.
Again, click [P2DriveFamilyDriver Install.pkg] while holding down the "Ctrl" key, and select [Open] on the menu which is displayed.
The confirmation window advising that ["P2DriveFamilyDriver Install.pkg" is from an unidentified developer. Are you sure you want to open it?] now appears so click the [Open] button.

7 When driver installation starts, follow the instructions on the installation screen.

<Notes>
● By installing this driver, it is possible to connect to this unit to the Macintosh using PCI Express to transfer data at a higher rate.
● When the P2 card is removed, drag the icon for the P2 card to Trash and confirm that the P2 card icon disappears before executing removal.
● Reinsert the P2 card if the P2 card icon is not displayed.

<Reference>
Occasionally, a message regarding "Device Removal" may be displayed when the P2 drive is connected and the Macintosh is turned on.
The same message may also be displayed when reinserting the P2 card because the P2 card icon is not displayed, but this is not a malfunction.
Click "OK" and proceed to use the card.
